Delivery service

- Most goods are available from stock. Order processing, despatch and delivery are fast and efficient.
- Our standard delivery service for UK mainland is next day (please note that next day delivery is not guaranteed to certain remote areas)
- Free delivery within the UK mainland on orders exceeding £300. A charge of £10.00 will be added to orders below this amount.
- All orders for European clients will be supplied by our Dutch company, Ravensden BV who will take care of all import and customs related matters into the European Union. No customs clearance, import duties or import VAT will be payable by our clients.
- We have trailers leaving for Europe on a weekly basis.
- Free delivery within Europe on orders exceeding €1,000. A charge of €50.00 will be added to orders below this amount.

About us

Ravensden

We are specialist suppliers of animal themed toys and gifts for the Zoo, Aquarium, leisure, museum and promotional markets. We're a family owned and operated company founded in 1975.

Our aim is to supply quality products and to continually develop and introduce new lines. This enhances the retail offering of attractions, facilitating the maximisation of resource streams in support of strategic aims.

We are members of several industry specific trade organisations ensuring that we are well aware of industry issues. The quality of our products and levels of service we believe are second to none.

Environmental

We believe that businesses are responsible for achieving good environmental practice and operating in a sustainable manner. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral and fundamental part of our business strategy and operating methods.

It is our priority to encourage our customers, suppliers and all business associates to do the same. Not only is this sound commercial sense for all; it is also a matter of delivering our duty of care towards future generations. We have held ISO-14001 since 2011 demonstrating that we have put in place an effective environmental management system.

We have now removed all plastic beads from our plush ranges and are using 100% post-consumer recycled polyester for the stuffing inside all plush toys. Wherever practical we have already removed any unnecessary plastic packaging and will continue to do this as we introduce new products to our range.

The Ravensden eco collection is our 100% recycled range of plush using 100% recycled post-consumer polyester outer fabrics, inner stuffing and embroidered eyes. You can see the complete range on pages 34 to 54 in the Animal collection, pages 112 to 122 in the Seafife collection and throughout the catalogue where you see the recycled symbol.

Ethical

We are committed to ethical trading both with our own suppliers and customers and have taken great care in building long term relationships. We have been developing and purchasing products from many suppliers for over thirty years. We have an annual accreditation process for all of our approved suppliers and will only purchase from those which fulfill the necessary criteria. In addition all suppliers are visited on a regular basis.

Toy Safety

It is the policy of Ravensden to supply safe products complying fully with relevant UK and EU safety legislation and we have an externally audited toy safety and quality control system.

In addition to our in house expertise we retain the services of an expert in the field of consumer product compliance, who is a leading authority on product safety and sits on a number of international toy safety committees.

We maintain a product safety database containing product, safety and importing details for all items in our range and are able to advise and provide all of the necessary information to ensure that our customers comply with their obligations under the toy safety regulations and general product safety regulations.

Bespoke Design

We have a great deal of experience and expertise in bespoke product design. Products can be created based on customisation of existing designs or a complete development of a product / character.

Many of our standard products can be branded for your attraction. Options include embroidery on soft toys, dressing of soft toys with personalised t-shirts or scarfs, bespoke swing tags promoting your brand or message and pad printing onto a number of our stock items.

**We supply a
whole world of animal
companions!**

The Ravensden RECYCLED Collection

The Ravensden Recycled collection is our 100% recycled range of plush using 100% recycled post-consumer polyester outer fabrics and inner stuffing.

You can see the complete range on pages 34 to 40 in the Animal collection, and throughout the catalogue where you see the recycled symbol and FRB product code. With our other ranges of soft toys we are using 100% recycled post-consumer polyester stuffing.

The Ravensden ECO Collection

The Ravensden eco collection is our 100% recycled range of plush using 100% recycled post-consumer polyester outer fabrics, inner stuffing and embroidered eyes. You can see the complete range on pages 41 to 54 in the Animal collection, pages 112 to 122 in the Sealife collection and throughout the catalogue where you see the recycled symbol. With our other ranges of soft toys we using 100% recycled post-consumer polyester stuffing.

Delivery address / special instructions:**Delivery Date:**[illegible]

Goods are supplied only in accordance with the Terms & Conditions of Sale on the reverse of this order form

Terms & Conditions of Sale

1. GENERAL

These terms and conditions apply in preference to and supersede any terms and conditions referred to, offered or relied on by the buyer whether in negotiation or at any stage in the dealings between the seller and buyer with reference to the goods to which this contract relates. Without prejudice to the generality of the foregoing, the seller will not be bound by any standard or printed terms furnished by the buyer in any of its documents, unless the buyer specifically states in writing separately from such terms that it intends such terms to apply and the seller acknowledges such notification in writing.

2. VARIATION

Neither the buyer nor the seller shall be bound by any variation, waiver of, or addition to these conditions except as agreed by both parties in writing and signed on their behalf.

3. DESCRIPTION

The description of the goods has been given by way of identification only and the use of such description shall not constitute a sale by description.

4. SAMPLE

Notwithstanding that a sample of the goods has been exhibited to and inspected by the buyer, it is hereby declared that such sample was so exhibited and inspected solely to enable the buyer to judge for himself the quality of the bulk, and not so as to constitute a sale by sample.

5. PRICE

- (a). All quotations and estimates issued by the seller are, unless otherwise stated, based on the current cost of production (material hours and wages) and are subject to amendment on or after acceptance to meet any rise or fall in such costs.
- (b). Any variation to prices quoted as a result of government taxes and levies will be for the buyer's account.
- (c). All prices are exclusive of Value Added Tax which will be charged at the rate ruling at the date of invoice.

6. PAYMENT

- (a). Payment for goods supplied under the contract is due the end of the month following that of despatch. Any other payment terms must be agreed in writing prior to shipment.
- (b). If payment of the price or any part thereof is not made by the due date, the seller shall be entitled:
 - (i). To charge interest on amount outstanding.
 - (ii). To require payment in advance of delivery of undelivered goods.
 - (iii). To refuse to make delivery of any undelivered goods whether ordered under the contract or not and without incurring any liability whatever to the buyer for non-delivery or any delay in delivery.
- (iv). To terminate the contract.

7. DELIVERY

Carriage paid on orders over £300 UK mainland; a £9-00 charge will be added to all orders below this amount. Express delivery is available at extra cost. Offshore carriage is NOT to our account. Prices do not include VAT. Claims for non-arrival, breakage, damage or theft can only be entertained within 7 days of receipt of goods. Goods returned must be accompanied by a Debit Note. Carriage will not be refunded without prior agreement.

8. RETURNS

Goods will be accepted for return only with the prior written agreement of "Ravensden PLC". Where goods have been supplied in good faith as per customers' order and subsequently accepted for return, a handling/returns charge of not less than 10% will be made. Orders may be cancelled only with the prior written agreement of "Ravensden PLC". Cancellation of orders for items that have been sourced but not yet delivered will not be accepted.

9. RISK

The risk in the goods will pass to the buyer upon delivery.

10. TIME

The seller undertakes to use reasonable endeavours to despatch the goods on the promised delivery date, but does not guarantee to do so. Time of delivery shall not be of the essence of the contract unless expressly so stipulated in writing.

11. PROPERTY

Title in the goods remains vested in the Company and shall only pass from the Company to the buyer upon full payment being made by the buyer of all sums due. On the appointment of an administrative receiver there is automatic revocation of the buyer's rights to use the goods.

12. FORCE MAJEURE

If delivery is delayed by strikes, lockouts, re, accidents, defective materials, delays in receipt of raw materials or bought-in goods or components or any other cause beyond the reasonable control of the seller a reasonable extension of time for delivery shall be granted and the buyer shall pay such reasonable extra charges as shall have been occasioned by the delay.

13. LAW

The contract shall be deemed to have been made in England and the parties to the contract hereby submit to the jurisdiction of the English courts. English law shall be the proper law of the contract.
